HISTORY OF DIVERSIFIED REAL ESTATE SERVICES, INC.

Diversified Real Estate Services, Inc. is a full-service real estate firm committed to serving clients with real estate appraisals and consultation. The firm was originally incorporated in 1991. Since inception, the company has been centrally located in downtown Minneapolis, providing expert appraisal service primarily to the Minneapolis/St. Paul metropolitan area and the surrounding region. Along with holding licenses in Minnesota, we are also able to offer services through permanent or temporary licensing in North Dakota, South Dakota, Wisconsin, Colorado, Kansas, Georgia, Michigan, Missouri and throughout the United States. The firm's primary focus is on serving the needs of local lending institutions. We believe that being located in downtown Minneapolis, the heart of the financial and economic center of Minnesota and the Twin Cities metropolitan area, uniquely positions the firm to closely serve local lending institutions.

Stuart J. Mortrude, MAI, Timothy L. Vergin, MAI, CRE[®] and Ryan L. Bauer, MAI principals and shareholders in the firm, each hold the MAI designation, as awarded by the Appraisal Institute. Mr. Mortrude and Mr. Vergin each have a Bachelor of Science degree in real estate from St. Cloud State University, while Mr. Bauer has a Bachelor of Science degree in finance from the University of Nebraska.

Diversified Real Estate Services, Inc. employs appraisers to serve clients with commercial appraisal and consultation needs of differing types of properties and to serve a variety of functions. All appraisal employees are held to the *Uniform Standards of Professional Appraisal Practice* (USPAP) and the Appraisal Institute *Standards of Professional Ethics* and are encouraged to work towards a professional designation in the Appraisal Institute. The Appraisal Institute is an international membership association of professional real estate appraisers, with more than 18,000 members and 99 chapters throughout the United States, Canada, and abroad. Its mission is to support and advance its members as the choice for real estate solutions and uphold professional credentials, standards of professional practice and ethics consistent with the public good. The professional staff of Diversified Real Estate Services, Inc. has always been actively involved with the *Appraisal Institute*, an organization which is the result of the January 1, 1991 unification of the American Institute of Real Estate Appraisers and the Society of Real Estate Appraisers. All appraisers participate in continuing education which is required by the Appraisal Institute, as well as the State of Minnesota Department of Commerce.

The *Appraisal Institute* confers two Membership Designations: MAI and SRA. Members of the *Appraisal Institute* may also hold other membership designations, including SRPA, SREA, and RM. Members holding *Appraisal Institute* designations are recognized as the most qualified in their fields. The *Appraisal Institute* continues to enforce a strict code of ethics and the Uniform Standards of Professional Appraisal Practice.

BIOGRAPHIES OF STUART J. MORTRUDE, MAI, TIMOTHY L. VERGIN, MAI, CRE[®] AND RYAN L. BAUER, MAI

Mr. Mortrude started the Diversified Real Estate Services, Inc. in 1991 after eight years of experience in the appraisal field with Arthur Andersen & Co., Kramer, Geisler & Strand, Inc., and Shenehon & Associates, Inc., where his positions as an experienced senior appraiser and assistant manager of real estate valuations provided the background for opening the firm.

Mr. Mortrude has been actively involved in appraising since 1984 after graduating from St. Cloud State University with a Bachelor of Science degree in Real Estate. A member of the Appraisal Institute with an MAI designation, Mr. Mortrude is currently certified under the Appraisal Institute's program of continuing education for designated members. Over the years Mr. Mortrude has developed a specialty in properties which are closely tied to business operations, such as hospitals, senior living facilities, hotels, health clubs, and golf courses. Mr. Mortrude has previously served as the Appraisal Institute's local Metro/Minnesota Chapter's President, Vice President, Chair of the Education Committee, and Regional Representative. He also served a three-year term on the Board of Directors of the Appraisal Institute's local chapter and was previously a Regional Member of the Ethics and Counseling Committee. He also holds an appointed position on St. Cloud State University's Finance, Insurance, and Real Estate Advisory Board, as well as being a licensed broker.

Mr. Vergin joined the firm as a partner in 1992. Mr. Vergin brought seven years of experience and expertise in real estate valuation from his previous association with Newcombe & Hansen Appraisals, Inc. During that time span, he served as a Senior Staff Appraiser and Consultant.

Mr. Vergin graduated from St. Cloud State University with a Bachelor of Science in Real Estate and has been active in the appraisal profession since that time. In addition, Mr. Vergin holds a brokerage license and has been active in real estate transactions both as an investor, broker and consultant. Mr. Vergin has served as a Regional Member of the Appraisal Institute's Ethics and Counseling Committee. Over the years, Mr. Vergin has appraised all types of commercial and residential properties, developing a specialty in triple net retail properties.

Mr. Bauer joined the firm in 2002 as an associate appraiser. He received his MAI designation in 2016 and became a partner with the firm in 2017. Mr. Bauer graduated from the University of Nebraska with a Bachelor of Science in Finance. He is also a member of the Board of Directors of the North Star Chapter of the Appraisal Institute. He has appraised all property types and also supervises trainee appraisers, as well.

Mr. Mortrude and Mr. Vergin co-authored an article which was published in the October 1998 issue of the *Appraisal Journal* on the topic of appraising triple net single-tenant properties. The article was titled Why Capitalization Rates of Single-Tenant Properties Vary. In addition, both have provided expert testimony in courtrooms and commission hearings for tax appeals and condemnation proceedings.

QUALIFICATIONS OF STUART J. MORTRUDE, MAI

Mr. Mortrude has been actively involved in appraising real estate since 1984. He is the founder and President of the appraisal and consulting firm of Diversified Real Estate Services, Inc.

Member of the Appraisal Institute with an MAI designation, Mr. Mortrude is currently certified under the *Appraisal Institute* program of continuing education for the designated members.

Over the years of involvement within the real estate industry, Mr. Mortrude has worked primarily in the Minneapolis/St. Paul metropolitan area and greater Minnesota, although appraisal assignments have also involved properties in Wisconsin, North Dakota, South Dakota, Iowa, Arizona, Nebraska, Michigan, Colorado, Illinois, California, and others.

Diversified Real Estate Services, Inc.

SERVICE TO CLIENTS FOR APPRAISAL FUNCTIONS

With the ever increasing complexity in today's real estate market, and the additional regulations imposed upon real estate professionals it is more important than ever to assure yourself that the appraisal service you have retained can meet the challenges of determining an accurate value estimate while meeting all necessary guidelines. We at Diversified Real Estate Services, Inc. have made this our primary goal and objective—to meet the needs of our client within a guaranteed time frame, with a product which is both reader friendly and satisfies all governing regulations.

MORTGAGE LENDING

Diversified Real Estate Services, Inc. specializes in providing appraisals for mortgage lending purposes.

The federal government and the state of Minnesota have established appraisal guidelines for reports used for mortgages. Recognizing the importance to the financial institutions of satisfying the criteria of the financial institution regulators results in thorough analysis of each property. A detailed investigation is undertaken regardless of the size or value of a property.

Appraisals are based on historical information, and there is no guarantee that real estate properties will not suffer declines in value. However, a careful analysis and complete appraisal report coupled with practical and reasoned underwriting usually eliminates or, at the very least, minimizes losses to financial institutions.

ACQUISITION OR DISPOSITION OF PROPERTY

Individuals seeking to sell or acquire properties are well advised to have a thorough appraisal report undertaken. It is important to have a full understanding of the real estate market and the value potential of the property in which they have an interest. An appraisal report takes into account and provides information concerning not only the value of comparable properties which may have sold, but also what similar properties are available and at what price. A detailed appraisal provides a solid basis for reasoned decisions.

LITIGATION

Critical litigation cases requiring expert witness services include:

- Real Estate Tax Abatement
- Condemnation
- Assessment Cases
- Hazardous Waste
- Division of Assets
- Bankruptcy

SERVICE TO CLIENTS FOR APPRAISAL FUNCTIONS (continued)

LITIGATION (continued)

The principals of Diversified Real Estate Services, Inc. have performed appraisals and provided testimony in these areas for many years. We are qualified as expert witnesses in District Court, State Tax Court, and Federal Court.

FORECLOSURE OR REO ANALYSIS

We provide foreclosure analysis for calculation of loan loss reserves as well as values in conjunction with FIRREA.

DIVISION OF ASSETS

An equitable division of assets between family members, business partners, and others in similar positions is often accomplished through the values provided by an independent party who is well informed concerning property values.

In many instances, the ability of a disinterested party who serves in an advisory capacity can assist parties in reaching an equitable division of assets and avoid expensive and unnecessary litigation.

ESTATE PLANNING

Informed and documented values allow a person to have estate planning which will provided the basis to set up his/her estate in a manner which is commensurate with their estate planning goals. By utilizing a complete and accurate appraisal, the process of planning an estate or settling estate matters can be expedited.

SUPPORT FOR FINANCIAL PLANNING

Everyone needs to plan for their long-range financial future. Real estate is a popular way for people to invest, including those who are just beginning their long-term strategies, and also for people who are experienced and well on their way. Having confidence in the value of real estate properties allows an investor to make sound decisions concerning acquisition, management and disposition of properties to accomplish their financial goals.

Diversified Real Estate Services, Inc.

SERVICE TO CLIENTS THROUGH CONSULTATION

Some real estate problems require valuation assistance in a form other than a narrative appraisal report. Oftentimes a client's needs can be met through consultation. Diversified Real Estate Services, Inc. provides full service consultation expertise.

MORTGAGE LENDING

Through consultation with Diversified Real Estate Services, Inc., we can assist our clients in forming preliminary determinations for the placement of a mortgage by knowing the current market, types of financing available, and how to best present the property for the most favorable financing.

Financial institutions may benefit from an opinion from an independent source which does not require a full narrative appraisal. Our firm can also provide supplemental underwriting support by reviewing an appraisal prepared by a different firm.

ACQUISITION OR DISPOSITION OF PROPERTY

By consulting with Diversified Real Estate Services, Inc., a buyer or seller can solicit the necessary advice for negotiations with a realtor or sales agent. We can also help with completing the preliminary details before talks begin. Once negotiations reach the point of requiring an appraisal, a full narrative report can then be completed to consummate the transaction.

LITIGATION

Extensive time and expense in court can be avoided through a complete understanding of value and the risks which are typical in litigious situations such as condemnation and other kinds of lawsuits. Attorneys can benefit from consultation and provide assistance in case preparation and interpretation of appraisal strengths and weaknesses. Ongoing advice during a trial, hearing or settlement negotiations is also available.

DIVISION OF ASSETS

The division of real estate assets in the course of marital or partnership dissolutions can be very taxing emotionally and financially in the form of legal fees and lengthy court sessions. Expert and impartial appraisal valuation can ease the arbitration process and remove much of the emotional stress and acrimony. Early preparation in cases of asset division can provide facts, value estimates, and opportunities to form a position of strength.

SERVICE TO CLIENTS THROUGH CONSULTATION (continued)

ESTATE PLANNING

Consultation with Diversified Real Estate Services, Inc. in the methods of property disposition, as well as valuation of property, can enhance discussions with an attorney or consultant in a realistic and logical manner.

SUPPORT FOR FINANCIAL PLANNING

Long-range financial planning is essential in obtaining maximum growth in real estate investment. Consultation can assist our clients in the development, financing and proper structure to maintain a balanced portfolio.

Diversified Real Estate Services, Inc.

Diversified Real Estate Services, Inc. serves a broad base of clients who require expertise in appraising different types of real estate. Our clients range from real estate investors to national clients to private individuals.
